Unit 6 Lesson A Pronunciation

Presented by Mohammad Rajabpur

The Reduction of "are you":

reduction = making something smaller = کاهش

In WH questions, we usually pronounce "are you" as one word, not two separate words.

Example:

How are you doing?

Intonation = لحن

In yes/no questions the intonation is rising at the end of the sentence, but in WH questions, the intonation is falling at the end of the sentence.

Examples:

Is he studying his lessons?

=> rising intonation

Where is he studying his lessons?

=> falling intonation
